## EDUCATION

### Bachelor of Science in Computer Science

The University of Texas at San Antonio

08/2018 - 12/2022

San Antonio, TX

## PERSONAL PROJECTS

### Scared2Compile

|

03/2022 - 05/2022

Achievements/Tasks

- Worked with a team of 4 developers to deploy a web based eCommerce application
- Implemented the necessary frontend components with HTML, Bootstrap, and CSS
- Used javascript to render new components based on user input and display data from our database
- <https://github.com/askkew/Scared2Compile.git>

### Weather app

|

12/2022 - 01/2023

Achievements/Tasks

- Developed a ReactJS weather application that communicates with three different APIs to display weather data for any city entered. Designed with a mobile-first approach, the application utilized props to pass data between components, reusable components for efficiency, and made API calls to retrieve weather data. Deployed on an EC2 AWS instance for remote testing.
- <https://github.com/askkew/WeatherApp.git>

### Image Share

|

01/2023 - Present

Achievements/Tasks

- Developing a full-stack MERN application that allows users to create an account, sign in, and upload images to a MongoDB database. The app provides a user-friendly interface for users to manage their uploaded images and offers a secure authentication system to ensure the privacy and protection of user data. Utilizing modern web technologies and best practices, this app aims to make image sharing simple, fast, and enjoyable.

## SKILLS

Javascript

ReactJS

NodeJS

Mongoose

MongoDB

Multer

SQL

Express

C++

PHP

Python

GIT

Linux/Unix

Teamwork

Data structures

Object-Oriented design

Critical thinking

Communication

Problem Solving

Leadership

Algorithms

## WORK EXPERIENCE

Amazon (06/2020 - 05/2021)

- Worked as a delivery associated in charge of handling 300+ packages daily
- Promoted to drive under a DOT license and drive their brand new delivery vans after 5 months of employment

Black Walnut Cafe (06/2019 - 12/2019)

- Worked as a seasonal employee in charge of taking orders for customers, promoting sales and greeting customers
- Took mobile orders on a secure ordering system and took payments via phone or via card reader

Whataburger (05/2018 - 12/2018)

- Worked as a seasonal employee taking orders in the drive through and working the register on a secure system
- Left with the task of promoting sales and overall a good customer experience
